PRODUCT DESCRIPTION

Designed for Secure Support

Livingstone Zinc Oxide Tape is intended for use in securing dressings to the skin and providing support for joints and sporting injuries. Its construction is designed to offer strength and versatility for a range of applications.

Features & Benefits

Individual Spool with Cap

ZINC OXIDE TAPE 5CM X 5M BOX/6

AFT50

Each roll is supplied on a spool with a protective cap, helping to maintain the tape in good condition during storage and use.

Strong and Durable
Livingstone Zinc Oxide Tape is designed for applications requiring reliable adhesion and tensile strength, such as strapping joints or supporting strains and sprains.

Multiple Uses
Suitable for various applications in first aid and sports care.

Livingstone Zinc Oxide Tape is a practical option for supporting injury management and dressing security, crafted with consideration for performance and user needs.

This product is not a substitute for direct medical attention from a healthcare practitioner. Always read the label and follow the directions for use.
