PRODUCT DESCRIPTION

The CC-50 is an AED wall cabinet with an alarm, strobe light, and ANZCOR approved signage. Its design allows for full visibility of the AED and is compact enough to fit in confined spaces.

- Strobe light: To attract attention to the cabinet when the door is opened

- Visible: ANZCOR approved AED signage on the sides of the cabinet

- High Quality: Premium materials with powder coated finish

- Deterrent Alarm: alerting rescuers and deterring would-be thieves

- Access: Perspex door allows full visibility of the AED

- Compact: Large enough to store most AEDs but small enough to fit in confined spaces

- Battery Powered: Uses a 9-volt battery - no hardwiring required.

Suits most conventional AED models, including HeartSine and Lifepak AEDs.
