

ADDITIONAL INFORMATION

Weight	0.034 kg
Dimensions	4 × 7.5 × 15.5 cm
Carton Qty	48
Pricing Unit	Unit/1
Size	Size C x 1M
Min Order Qty	1
ARTG ID	362410
GMDN Code	61652
Medical Device Class	Class 1
UNSPSC Code	42311506
Tax Schedule	Taxable
Item Length	100
Item Measurement Unit	cm
Is Medical Device	Yes
Is Serialized Item	No
Is Dangerous Good	No

PRODUCT DESCRIPTION

AEROFORM Elastic Tubular Bandage delivers flexible compression and soft-tissue support in a seamless, easy-to-apply tube. The elasticised knit conforms smoothly to limbs and joints without the need for clips or tapes, providing even, circumferential pressure that helps reduce swelling and protects dressings during movement. It can be trimmed to the required length and layered to adjust firmness, making it a practical choice for clinical environments, workplaces, sports settings, and home first aid.

The breathable, latex-free construction promotes skin comfort during extended wear while maintaining consistent support through activity. A smooth, low-friction surface slides easily beneath clothing or protective gear to minimise catching and disturbance, helping applications stay neat and secure during daily tasks.

Common applications include securing primary dressings, providing even compression during rehabilitation, and offering extra reassurance for weak or aching joints. The tubular design enables rapid application and a tidy, professional finish when time and consistency matter.

- **Elasticised tubular design:** delivers even, circumferential compression for secure support.
- **Cut-to-length convenience:** trim and layer to tailor firmness and coverage.
- **Breathable, latex-free knit:** promotes comfort while you move.
- **Non-sterile format:** ideal for routine support and dressing retention.

The **Size C Adult Limbs (7 cm width)** option is designed to suit typical adult forearms and smaller calves, providing balanced coverage and comfortable, even compression. It conforms closely to limb contours to help keep dressings tidy and supportive through daily movement.

Supplied in a **1 metre length** to allow quick customisation, this bandage can be cut to the exact coverage required and folded back for added firmness, helping keep applications neat and efficient for everyday limb support and dressing retention.

This product is not a substitute for direct medical attention from a healthcare practitioner. Always read the label and follow the directions for use.
