PRODUCT DESCRIPTION

AEROCOOL Cold Spray is a fast and effective solution for immediate cooling of sprains, strains, and inflammation. This easy-to-use spray is ready for immediate use, with no pre-chilling or freezing required. Its compact size makes it ideal for all sizes of first aid kits or bags. The AEROCOOL Cold Spray is designed to provide a cooling effect for surface and underlying tissues, reducing pain and swelling typically from sports injuries. It is intended for use on unbroken skin only.

The AEROCOOL Cold Spray is perfect for use in a variety of settings, from sports fields to workplaces. Its compact size and portability make it easy to take on the go, ensuring that you are always prepared to provide relief from pain and swelling. The AEROCOOL Cold Spray is a must-have item for any first aid kit, providing fast and effective relief from pain and swelling. Its convenience, efficiency, and portability make it an essential item for anyone looking to provide the best possible care for injuries.

This product is not a substitute for direct medical attention from a healthcare practitioner. Always read the label and follow the directions for use.
