## PRODUCT DESCRIPTION

AeroCool Reusable Gel Hot & Cold Pack delivers flexible, user-friendly thermal therapy for workplaces, clinics, sports teams and

# AEROCOOL REUSABLE GEL HOT & COLD PACK

## 320G

AHC5001

households. The pliable gel conforms comfortably to the body, making it suitable for targeted relief across shoulders, back, knees and other high-movement areas. Built for repeated use, it is a practical choice for first aid rooms and home cabinets alike.

Designed for versatility, the pack can be used warm to soothe everyday muscle and joint discomfort, or cold to help with minor swelling and knocks. The 13 cm x 28 cm format offers generous coverage without feeling bulky, while the 320 g fill provides an effective balance of weight and flexibility. The included soft towelling cover creates a comfortable barrier on skin and supports hygienic use between users.

Durable construction with a heavy-duty canvas finish stands up to frequent heating and cooling cycles. Compatibility with hot water or microwave warming and freezer cooling provides convenient preparation options in most settings.

- **Reusable flexibility:** hot or cold therapy from one pack for everyday needs.
- **Comfort first:** soft towelling cover supports gentle, skin-friendly application.
- **Generous coverage:** 13 cm x 28 cm size contours to arms, legs, and lower back.
- **Durable build:** heavy-duty canvas exterior supports repeated cycles.
- **Easy preparation:** compatible with hot water, microwave and freezer.

Supplied as a single 13 cm x 28 cm, 320 g gel pack with a soft towelling cover—an easy-to-handle size that contours to common injury sites while offering balanced weight for comfortable, effective warm or cold therapy.

This product is not a substitute for direct medical attention from a healthcare practitioner. Always read the label and follow the directions for use.
