PRODUCT DESCRIPTION

The AEROPLAST Plastic range of adhesive plasters and bandages is designed to offer superior wound care solutions for everyday needs. These washproof and hypoallergenic bandages are crafted to provide comfort and protection for minor wounds, making them ideal for general applications. The innovative SupaSorb Wound Pad technology ensures excellent wound management by efficiently absorbing exudates, thereby reducing the frequency of dressing changes. This feature keeps the wound clean and comfortable, while the non-adherent film minimizes pain and trauma during dressing changes.

Equipped with the exclusive SupaBond adhesive, these bandages guarantee secure and lasting adhesion, preventing lift-up or edge curling, even in challenging conditions. The AEROPLAST Plastic bandages are made from materials that are both air permeable and conforming, allowing them to bend, stretch, and adapt to various shapes and forms. This ensures that the skin and wound can breathe as they heal, promoting a more comfortable recovery process.

AEROPLAST PLASTIC JUNIOR STRIP 7.2 X 1.9CM

APC100

These bandages are latex-free, making them suitable for individuals with latex sensitivities. Manufactured to the highest standards, AEROPLAST Plastic bandages meet the needs of both medical professionals and everyday users. Whether you're a healthcare provider, a first aid trainer, or a family looking for reliable wound care solutions, the AEROPLAST Plastic range offers the protection and comfort you need. Trust in the quality and performance of these bandages to keep wounds protected and promote healing.

The AEROPLAST Plastic Standard Strip in the Junior Design 7.2 x 1.9cm is perfect for smaller wounds, offering a child-friendly size that provides effective protection and comfort. The SupaSorb Wound Pad technology ensures superior absorption, keeping the wound clean and reducing the need for frequent dressing changes. With the secure SupaBond adhesive, these bandages stay in place, even on active little ones, providing peace of mind for parents and caregivers.

With a pack size of 100, the AEROPLAST Plastic Junior Strip 7.2 x 1.9cm offers great value for families and caregivers. This generous quantity ensures that you are always prepared for minor cuts and wounds, providing reliable protection and comfort. The SupaSorb Wound Pad technology and SupaBond adhesive guarantee superior performance, making these bandages a must-have for any first aid kit

Contraindications and Precautions

Change dressing daily or more often according to the condition of the wound. As with all adhesive products apply and remove carefully from sensitive or fragile skin. Seek medical advice immediately for all serious wounds and burns. If redness or discomfort occurs, discontinue use and consult a physician.

This product is not a substitute for direct medical attention from a healthcare practitioner. Always read the label and follow the directions for use.
