Size	2.25cm diameter
Min Order Qty	12
ARTG ID	159198
GMDN Code	44990
Medical Device Class	Class 1s
UNSPSC	42311546
Tax Schedule	Taxable
ltem Width	2.25
Item Measurement Unit	cm
Is Medical Device	Yes
Is Serialized Item	No
Is Dangerous Good	No
Shelf Life (Months)	60

#### **PRODUCT DESCRIPTION**

The AEROPLAST Plastic range of adhesive plasters and bandages is designed to offer superior wound care solutions for everyday needs. These washproof and hypoallergenic bandages are crafted to provide comfort and protection for minor wounds, making them ideal for general applications. The innovative SupaSorb Wound Pad technology ensures excellent wound management by efficiently absorbing exudates, thereby reducing the frequency of dressing changes. This feature keeps the wound clean and comfortable, while the non-adherent film minimizes pain and trauma during dressing changes.

Equipped with the exclusive SupaBond adhesive, these bandages guarantee secure and lasting adhesion, preventing lift-up or edge curling, even in challenging conditions. The AEROPLAST Plastic bandages are made from materials that are both air permeable and conforming, allowing them to bend, stretch, and adapt to various shapes and forms. This ensures that the skin and wound can breathe as they heal, promoting a more comfortable recovery process.

These bandages are latex-free, making them suitable for individuals with latex sensitivities. Manufactured to the highest standards, AEROPLAST Plastic bandages meet the needs of both medical professionals and everyday users. Whether you're a healthcare provider,

## AEROPLAST PLASTIC SPOT DRESSINGS 2.25CM DIAMETER BOX/100

AP103

a first aid trainer, or a family looking for reliable wound care solutions, the AEROPLAST Plastic range offers the protection and comfort you need. Trust in the quality and performance of these bandages to keep wounds protected and promote healing.

The AEROPLAST Plastic Spot Dressings, measuring 2.25 x 2.25 cm, are perfect for covering small wounds and providing targeted protection. These spot dressings are crafted to be washproof and hypoallergenic, ensuring comfort and safety for users with sensitive skin. The SupaSorb Wound Pad technology efficiently absorbs exudates, keeping the wound clean and reducing the need for frequent dressing changes. With the secure adhesion of SupaBond, these spot dressings stay in place, offering reliable protection for minor cuts and abrasions.

Packaged in a convenient box of 100, these AEROPLAST Plastic Spot Dressings are designed for easy access and storage. Ideal for both personal and professional use, the box ensures that you have a ready supply of spot dressings for any minor wound care needs. The compact packaging makes it easy to store in first aid kits, medical cabinets, or travel bags, ensuring that you are always prepared for minor emergencies.

## Contraindications and Precautions

Change dressing daily or more often according to the condition of the wound. As with all adhesive products apply and remove carefully from sensitive or fragile skin. Seek medical advice immediately for all serious wounds and burns. If redness or discomfort occurs, discontinue use and consult a physician.

This product is not a substitute for direct medical attention from a healthcare practitioner. Always read the label and follow the directions for use.
