PRODUCT DESCRIPTION

AeroShield Nitrile Finger Cots are meticulously designed to provide superior protection and comfort for various first aid and medical applications. These high-quality finger cots are crafted from durable nitrile, offering exceptional flexibility and puncture resistance, making them an ideal choice for professionals who demand reliability and performance. The nitrile material ensures a snug fit while maintaining comfort, allowing for extended use without irritation. Available in a variety of sizes, they cater to diverse needs, ensuring a perfect fit for every user. The ambidextrous and anatomically shaped design enhances user comfort, facilitating ease of use for both left and right-handed individuals. Powder-free, these finger cots deliver optimal grip in both wet and dry conditions, ensuring precision and control during delicate tasks. The vibrant blue colour enhances visibility, making it easy to detect any splits or tears, thereby maintaining safety standards. Pre-rolled for convenience, they are quick and easy to apply, saving valuable time in critical situations. Additionally, their anti-static properties make them suitable for use in environments sensitive to static electricity. AeroShield Nitrile Finger Cots are an indispensable component of any first aid kit, ensuring both safety and efficiency in every application, from medical examinations to electronic handling.

The AEROSHIELD Nitrile Finger Cots in Large size are designed to provide superior comfort and protection for individuals with larger fingers. These nitrile finger cots offer excellent flexibility and puncture resistance, ensuring reliable performance in various applications. The large size ensures a snug and comfortable fit, making them ideal for extended use without irritation. The powder-free design provides optimal grip in both wet and dry conditions, while the vibrant blue colour enhances visibility for easy detection of splits or tears. Pre-rolled for convenience, they are quick and easy to apply, saving valuable time in critical situations.

The AEROSHIELD Large Nitrile Finger Cots Box/100 offers a practical solution for bulk needs. With 100 cots in each box, this option is
