## PRODUCT DESCRIPTION

AEROWIPE 70% Isopropyl Alcohol Hard Surface Wipes provide fast-evaporating cleaning for non-porous surfaces across healthcare, industrial, workplace and home environments. Each durable non-woven 2-ply wipe is saturated with 70% v/v isopropyl alcohol to cut through routine grime on benches, trolley tops, equipment housings and high-touch areas. The solution flashes off quickly to leave surfaces clear and ready for the next step, helping support efficient workflows and tidy results in busy spaces where turnaround matters.

The low-lint substrate stands up to vigorous wiping on stainless steel, plastics and painted finishes without shredding, helping reduce fibres left behind. A practical dispenser tub supports quick, one-handed access between tasks so users can maintain momentum during frequent wipe-downs. The generous wipe footprint offers broad coverage while allowing controlled cleaning around switches, handles and touch points. Consistent saturation from first wipe to last supports reliable performance throughout the pack and predictable results shift after shift.

These wipes are designed for external use on hard, non-porous surfaces only. They are not a skin disinfectant and are not intended for

# AEROWIPE 70% ISOPROPYL ALCOHOL HARD SURFACE WIPES TUB/100 (DG)

AW7700

use on therapeutic devices. Well suited to clinical rooms, laboratories, aged care facilities and field service kits, the range helps maintain clean working surfaces between tasks, patient interactions and maintenance checks. Choose AEROWIPE when reliability, speed and a neat finish are important throughout the day.

- **70% isopropyl alcohol:** fast-evaporating cleaning for hard, non-porous surfaces.
- **Strong, low-lint substrate:** withstands vigorous wiping without shredding.
- **Quick-access dispenser:** supports one-handed use between tasks.
- **Generous wipe footprint:** broad coverage for benches and trolley tops.
- **Hard-surface only:** ideal for benches, trolleys and equipment housings.

**Size:** 15 x 17 cm provides broad coverage for benches and trolley tops while remaining easy to control around switches, handles and other touch points.

This product is not a substitute for direct medical attention from a healthcare practitioner. Always read the label and follow the directions for use.
