PRODUCT DESCRIPTION

AEROWIPE Alcohol-Free Cleansing Wipes provide a superior solution for maintaining skin hygiene and preparing the skin for medical procedures. These wipes are pre-soaked in an aqueous solution containing 1% cetrimide BP W/V and 0.02% Chlorhexidine BP W/V, both renowned for their antiseptic properties. As a non-sterile device, these wipes are ideal for cleaning localized body surfaces before a procedure or device application. The alcohol-free formulation ensures a patient-friendly experience, eliminating the discomfort of traditional alcohol wipes, such as fumes and stinging sensations. This makes them an excellent choice for both home use and healthcare facilities, offering a soothing experience while maximizing infection prevention. Available over-the-counter, these single-use wipes are a convenient and reliable option for maintaining skin hygiene, ensuring safety and comfort for all users. The AEROWIPE Alcohol-Free Cleansing Wipes, available in a pack of 10, offer a compact and convenient solution for on-the-go wound care. These wipes are pre-soaked in an antiseptic solution, ensuring effective cleaning without the discomfort of alcohol. Ideal for travel or keeping in a first aid kit, they provide a soothing experience while maximizing infection prevention.

This product is not a substitute for direct medical attention from a healthcare practitioner. Always read the label and follow the directions for use.
