PRODUCT DESCRIPTION

AeroWound Alginate Dressings provide an advanced wound care solution, designed to provide a moist healing environment. Naturally derived from seaweed, AeroWound is an ideal choice for various wound types. On contact with wound exudate, the dressing transforms into a soft gel, maintaining a moist healing environment which is conducive to wound healing, and assists in pain reduction.

Features:

- Optimized Healing Environment:** Our dressings ensure a moist wound environment, speeding up the natural healing process.
- High Absorbency:** Specially crafted to absorb wound exudate efficiently, minimising the risk of maceration.
- Natural Seaweed Derivative:** Made from natural seaweed, providing bio-degradable, eco-friendly care.
- Soft & Conforming:** Flexible design adheres comfortably to the wound contours, ensuring patient comfort.
- Easy Removal:** Designed to gel up upon contact with exudate for painless removal, reducing patient trauma.

Safety Considerations: For external use only. Always read the label and follow the directions for use.
