PRODUCT DESCRIPTION

The AeroWound Wound Dressings are a general purpose wound dressing for use in preventing infection and controlling bleeding. Available in sizes to suit wounds from finger injuries to large wounds.

Highly Absorbent

• Highly absorbent wound pad controls bleeding and absorbs wound exudates

Low adherent

· Special low adherent coating minimizes wound trauma associated with changing dressings

AEROWOUND #15 WOUND DRESSING 18 X 18CM BAG/12

AWD15S

Individually packed and sterile

Dressings are available individually on demand in an easy tear wrapper and sterile for wound cleanliness.

Ease of application

• The wound pad is attached to a wrapping leader of gauze bandage making the dressing simple to apply, yet comfortable and secure for all general wound dressing

This product is not a substitute for direct medical attention from a healthcare practitioner. Always read the label and follow the directions for use.
