PRODUCT DESCRIPTION

The AeroPlast™ Premium Weight Fabric Adhesive Bandage stands out as a superior choice for those in need of durable and long-lasting wound care. Engineered for extended wear, this bandage features the exclusive SupaBond™ extra-strong adhesive, ensuring it remains securely in place even in demanding conditions. The adhesive is latex-free, providing a comfortable experience without leaving any sticky residue, making it suitable for sensitive skin. The innovative SupaSorb™ wound pad offers exceptional wound management by effectively absorbing fluids, reducing the frequency of dressing changes, and maintaining a clean and comfortable wound environment. Its non-adherent film minimizes pain and trauma during dressing changes, enhancing user comfort. Constructed with heavy-duty, air-permeable fabric, the bandage conforms to body contours, ensuring it stays in place through various activities, making it ideal for use in manufacturing and industrial environments. The AeroPlast™ VEND™ system adds unparalleled convenience, allowing for easy access to plasters without hassle. Available in a comprehensive range of sizes, including specialized fingertip and

AEROPLAST PREMIUM FABRIC ASSORTED DRESSINGS BOX/20

knuckle dressings, this bandage caters to diverse needs. Users are advised to change the dressing daily or as needed and to consult a healthcare professional for serious wounds or if irritation occurs. This product is designed to complement professional medical care, not replace it.

The **Size: Assorted Dressings** option groups fingertip, knuckle, strip, and patch shapes to fit a range of wounds. It provides conforming coverage for hard-to-cover spots while maintaining breathable comfort and strong, skin-friendly adhesion.

Quantity: box of 20 provides a compact supply of assorted fabric plasters for home kits, vehicles, and small workplaces—ideal for quick replenishment and everyday first aid.

Contraindications and Precautions

Change dressing daily or more often according to the condition of the wound. As with all adhesive products apply and remove carefully from sensitive or fragile skin. Seek medical advice immediately for all serious wounds and burns. If redness or discomfort occurs, discontinue use and consult a physician.

This product is not a substitute for direct medical attention from a healthcare practitioner. Always read the label and follow the directions for use.
