PRODUCT DESCRIPTION

The Mini Anne is designed to increase efficiency while maintaining quality CPR education. Designed for organisations and schools, this portable multiple-user CPR training solution is reusable, hygienic, and easy to use.

Whether training is provided face-2-face or online the Mini Anne provides students with the necessary tools to learn the lifesaving skills of CPR and how to use an AED.

Benefits:

- Increase training efficiency by using an inflatable manikin
- Inexpensive and portable – anyone with internet access can learn the basics of CPR
- Practice both adult and child compression depths and ventilations
- Self-directed training at home or as part of a bigger group, in-person CPR courses or online
