## PRODUCT DESCRIPTION

The RAPIDSTOP Packing Gauze is an effective and easy-to-use wound packing solution that can help improve your first aid and medical training. It features a unique Z-fold design that makes it quick and easy to apply, and it comes vacuum-sealed.

In addition to its primary function as a packing gauze, the RAPIDSTOP Packing Gauze can also be used as a training tool to simulate excessive bleeding and wound packing scenarios. It is compatible with TraumaSim products, which can help provide a more realistic experience during training.

By incorporating the RAPIDSTOP Packing Gauze into your training, you can improve your retention of the techniques used in controlling bleeding and packing wounds. Its unique design makes it easy to apply, and the vacuum-sealed packaging ensures that it is always neatly packed and ready to use.

The RAPIDSTOP Packing Gauze can also be used as a training haemostatic gauze.
