PRODUCT DESCRIPTION

The Responder 4 Series Plastic Rugged First Aid Kit provides organised, ready-to-use care for workplace incidents in offices, warehouses, construction sites and mobile crews. Built around a durable plastic case, it protects supplies from dust and knocks while keeping essential items visible and accessible for fast response.

Internal compartments and shelves keep product organised, helping users find dressings, bandages and tools quickly under pressure. The case includes wall-mount points for fixed installations and a carry handle for rapid grab-and-go deployment across floors or vehicles, supporting both stationary and mobile work environments.

With compact dimensions of 27 cm W x 9 cm D x 23 cm H, the kit fits neatly on walls, in cabinets, and in service vehicles without sacrificing capacity. The sturdy latches secure contents during transport and the clean, white exterior presents clearly in shared spaces and safety stations.

It complies with the SafeWork Code of Practice for Workplaces, giving purchasers confidence the kit is built for common Australian workplace needs. Suitable for industrial settings, assisting quick identification during emergencies.

Service and replenishment are streamlined through compatibility with Surefill instant refill pouches noted in product literature. Refill packs slot into the case to restore the layout rapidly, reducing downtime and simplifying site compliance checks across multiple locations.

- **Rugged plastic case:** protects contents and withstands workplace conditions.
- **Organised layout:** internal compartments and shelves support fast product selection.
- **Wall-mountable and portable:** mount in place or grab-and-go with the integrated handle.
- **Compact footprint:** 27 × 9 × 23 cm size suits cabinets, vehicles and tight spaces.
- **Workplace-ready labelling:** front panel indicates compliance with SafeWork guidance.
- **Easy to refill:** compatible with Surefill pouches for quick servicing.

Supplied in a rugged plastic hard case measuring 27 × 9 × 23 cm with wall-mount points and a large carry handle, providing organised compartments and secure latches for fast, reliable workplace response.

This product is not a substitute for direct medical attention from a healthcare practitioner. Always read the label and follow the directions for use.
